The home was unoccupied and  
had no stove equipment installed.  
Previous bills had been less than \$400<sup>00</sup>  
per month during this season and  
subsequent bills, once the home became  
occupied, were less than \$300<sup>00</sup>/month

Wherefore, complainant asks that L&E rebill for  
(Specifically state the relief desired.)

an average of usage charges for the  
3 months preceding this extremely  
unusual charge <sup>note:</sup> the complainant was present

at the subject property every day and is certain  
no other parties "stole" electricity.
